

2015 Club Championship

20th September 2015

This year champs started with mist but ended with a day of sunshine and no rain. The clout was shot in near perfect conditions. 21 members shot with 5 new members shooting.

During the break Adam fed us with lovely food and a large selection of cake and cheesecakes.

31 members were entered to shot the National with 28 shooting on the day of which 9 were new members.

At the end of the day everything was packed away quickly and the results were produced and all the trophies and medals given out.

The next day I found adding up errors on a few score sheets including scores and hits. None of these affected the medal winners.

Many thanks to everyone that helped out with setting up, and taking down the field. A many thanks to Adam for the lovely food and pudding. And of course a big thank you to Katherine for being a great Lady Paramount.

Hopefully see you all next year. The full results can be found below.

Regards

Brian Taylor

2015 Club Championship

The following awards were calculated using adjusted scores. This was done by having Recurve as the base score. Using Clout Tassels for Clout and Classifications for the National an adjustment was made for Compound, Longbow, Barebow and Traditional. Compound scores are reduced and Longbow and Barebow are increased by a varying amount. This should bring all scores roughly to the same level as a Recurve.
